

What is Community Living Support (CLS)?

CLS is used to improve and maintain independence and offer help with being an active part of the community. CLS can be provided in the home, and the community of the person served. The person served will work with their case manager to create goals they want to work on. CLS staff then support the person served in reaching their goal.

What can CLS do?

Assist, Remind, Monitor, Observe, Guide, and Train in the Following:

- Meal preparation
- Laundry
- Medication management
- Routine, seasonal, and heavy household care and maintenance
- Activities of daily living (bathing, eating, dressing, personal hygiene)
- Shopping for food and other necessities of daily living

Assist, Support and Train:

- Money management
- Non-medical care
- Socialization and relationship-building

What can CLS Provide?

- Rides to and from local outings
- Participation in local activities
- Attendance at medical appointments
- Getting goods not included in routine shopping and nonmedical services.

CLS keeps the person served healthy and safe so they can continue to live or be supported in the least restrictive community setting.

Additional Information about CLS:

You must have Medicaid and meet medical necessity to receive CLS services.

Here are things that CLS cannot provide:

- Watch, supervise, or provide companionship to the person served.
- Cleaning or housekeeping services.
- Service in a non-community setting (school, jail, hospital, nursing home, etc.)
- Used to replace Home Help Services.
- Rides to or from medical appointments.
